

The diagram illustrates the geometry of LWM Type A or B. It features a horizontal baseline with two vertical arrows pointing upwards, each labeled 'L'. A vertical line with a downward-pointing arrow is positioned to the left of the main structure. The main structure is a rectangular block tilted at a 45-degree angle, indicated by a dashed line and a 45° label. The top right corner of the block is jagged, resembling a flame or a broken edge. A label 'LWM TYPE A OR LWM TYPE B' points to the block.
